the students' native language to teach
the target language. If you're over 30,
have ever learned language via the
textbook or have spent many a night
memorizing a list of 30 foreign words,
you've experienced the Grammar-
translation Approach. Grammar and
vocabulary are memorized rote.

The relationship between low-density

lipoprotein cholesterol (LDL-C) and cardiovascular disease (CVD) events is well established. Since the 1990s, statins have been the principal pharmacological approach for lowering LDL-C, with ezetimibe more recently available as second line. However, many individuals do not achieve their LDL-C target (either absolute values or a
