Smart leaders find ways to use conversation—to manage the flow of information in an honest, open fashion. One-way broadcast messaging is a relic, and slick marketing materials have as little ...

Leadership Is a Conversation

Even in cultures where saving face is not a big deal, it is a huge face issue to challenge someone's core behavior and personality. This is a situation that requires a courageous conversation. In many ways, the worst part of any leader's job is not dealing with an individual's poor performance but telling a good employee that their job is at risk of redundancy through no fault of their own.
