Thank you so much for having this page. I just got this family model (free). This page helped me get to the hard drive to reinstall the OS on a G3. Then back to this model. The CD does not read disks. So I had to move drives

a friend of mine just gave me an iMac G3 (M5521) (slot CDRom, indigo from the 1999), asking to try a restoration. At the moment the machine doesn't switch on at all, so I'm starting to troubleshoot the power board and the power rails. Since now I was able to found only the Repair Manual but nothing on the schematics.
