The Changeling Sea Patricia A

I first read a book by Patricia McKillip about three years ago and decided I must read more of her work. This has proven to be an excellent life choice since it's introduced me to books like The Changeling Sea, a beautifully written (and short stand alone!) fantasy story with themes of love and loss. The combination of legendary occurrences and everyday life by the sea is handled masterfully, and I added this memorable book to my favorites shelf immediately after finishing it.
